

TDT Victoria

Is the Industry Training Advisory Board for the Transport and Logistics Industry.

TDT Victoria is a non-profit organisation commissioned by the Victorian Government to provide advice on skill needs and skill development areas.

Cadets benefit from training that is:

Work focused -

The Cadet is an employee of your organisation, who benefits from having an applied learning environment that is supported by a workplace mentor and time release for 8 weeks per year in scheduled 5 day study blocks to undertake off-the-job training.

Holistic -

A focus of the Cadetship Program is that cadets are rotated through different roles within their employer organisation. This allows cadets to gain a broader appreciation of your business functions and the expectation is that they will get their hands dirty!

Managed -

Cadets can come from within your workforce. Alternatively, TDT Victoria recruits potential Cadets and vets their applications. The best applicants are referred to prospective employers. We conduct regular briefings with employers, Cadets and the training provider throughout the course of the program.

SUPPORTERS

Cadetship in Logistics

‘A structured career pathway for young people in Transport and Logistics’

The goal of the Cadetship Program is to deliver the next generation of leaders for the Transport and Logistics Industry for 2012 and beyond.

Over the last 4 years TDT Victoria’s Cadetship in Logistics has provided a proven method for businesses to **recruit, develop and retain** a young person in their workforce.

CADETS

- Are aged between 17—23.
- Have completed Year 12.
- Attend eight, one week study blocks at TAFE.
- Complete a Certificate IV in Logistics in their first year.
- Complete a Diploma of Logistics in their second year.
- Will be employed into your organisation under your own terms and conditions.
- Can come from within your workforce or TDT Victoria will provide assistance with recruitment.

TDT VICTORIA

- Recruits and matches potential cadets with employers.
- Provides resources to assist with workplace mentoring.
- Provides details on all qualification units and assessment.
- Provides employers with a report on Cadets TAFE progress.
- Regularly liaises with employers, Cadets and TAFE.
- Provides networking opportunities.
- Assists employers to access available funding.

FUNDING

Eligible cadets attract subsidies which would translate to employers receiving \$4,000 annually.

COSTS

- Recruitment fee \$2000 (Fee is waived if cadet is not found through our recruitment process).
- Project Management Fee \$1200 per year.
- Certificate IV in Logistics approximately \$1500.
- Diploma of Logistics approximately \$1800.
